Dr. JV Patil presenting the achievements in sorghum research and development

the inaugural session congratulated the sorghum researchers for delivering excellent hybrids, varieties and the technologies for the sorghum growing resource poor farmers in the dryland regions of the country through the All-India programme sponsored by the ICAR. They said it is necessary to create a viable market for sorghum through enhancing alternate uses, and by developing new technologies. Dr. JV Patil, Director, DSR presented the achievements in the sorghum research and development. He said that, while the National sorghum program is well geared to meet the challenges and cater to the needs of sorghum farmers and sorghum-based industries, much more needs to be done on the fodder front. He reported progress in registration of varieties with PPV&FRA, and commercialization of improved cultivars and the preparations for setting goals for XII plan to make sorghum a more viable preposition.

The Dharwad team led by Dr YD Narayana, officer In-charge, AICSIP and Dr. Vilas A Tonapi from DSR along with Drs. VR Bhagwat and Sujay Rakshit coordinated the organization of the meeting. The copies of complete proceedings of this annual group meeting are being dispatched separately and e-copy will be placed at our website www.sorghum.res.in after the proceedings are approved by the council.

Sorghum food kiosk

The sorghum food stall, set up by the DSR at 41st AGM of AICSIP at UAS, Dharwad during 15-17 April, 2011 received an unprecedented response. More than 200 delegates including the Dr. SK Datta, DDG, ICAR, Dr. RR Hanchinal, VC, UAS, Dharwad, scientists and from various AICSIP centres and state seed departments visited the sorghum stall. The stall organizers served “sorghum biscuits” and “sorghum lassi” to the visitors and appraised about nutritional values and health benefits. Ms. Kiranmai, RA from NAIP project, DSR actively organized the stall and interacted with visitors.

Ph. D. awarded

Mr. Arun Kumar Pandey has been awarded Ph.D. (Biotechnology) from JNTU, Hyderabad on 30th April, 2011. He worked at DSR on the research topic “Developing low-HCN producing forage sorghum using anti-sense approach” under the guidance of Dr. B. Venkatesh Bhat. Mr. Pandey served as SRF at DSR in the DBT and NFBSRA sponsored projects and was recently selected as RA at Hyderabad University. Congratulations Dr. Pandey!

Farewell

DSR bid a farewell on 12 April, 2011 to Mr. Arun Pratap Singh,

Mr AP Singh and Mr. P Satish being felicitated on their farewell

Technical Officer, who recently joined as Assistant Director of Agriculture on direct selection at Farmers Welfare and Agriculture Development Corporation, Itarsi, Madhya Pradesh, and Mr. P Satish, Stenographer, who joined at Nuclear Fuel Complex, Hyderabad as Stenographer on selection. Director and other staff recollected their services to the institute and wished them for their future endeavors.

Dr. Talwar's visit to Australia

Dr. HS Talwar, Principal Scientist (Plant Physiology), DSR visited Australia to participate in the Year-3 -Research review meeting of the International collaborative project entitled “ Improving post rainy sorghum varieties to meet the growing grain and fodder demand in India”. The meeting was held at University of Queensland, Brisbane from 11 – 16 April, 2011. Dr. BD Biradar, Sorghum Breeder, ARS, Bijapur, who is also one of the collaborators in this project, participated in the meeting. Dr. Talwar presented the findings of the last year's multi-location experiments conducted in India. A Concept note for the new proposal (proposed by DSR /Univ. of Queensland /ICRISAT) on “Improving crop adaptation to drought” was selected for second stage of scrutiny under Indo-Australian strategic fund. It is heartening to note that, out 12 proposals submitted to the agency only 2 concept notes were selected for second stage submission. The group will submit, a full proposal in this regard to the funding agency before, 6 June, 2011. DSR family congratulates Dr. Talwar for this accomplishment.

DSR represents General Council Meet of SAMETI

Dr. SS Rao, Principal Scientist represented DSR at general council meeting of State Agricultural Management and Education Training Institute (SAMETI) at Secretariat, Hyderabad held on 25 April, 2011. Dr. Rao highlighted various technologies developed by DSR and its active role in disseminating these technologies to the rural and urban user communities through various agencies such as SAMETI. The meeting was attended by about 20 dignitaries representing various governmental organizations such as DRR, CRIDA, DOR, besides various State agriculture departments of AP.

Visitors:

Farmers from Akola
