Dr. Subbian, Registrar, TNAU, delivering the inaugural address

ICRISAT, private seed industry, and NGOs participated in this annual group meeting. In his inaugural address Dr. P Subbian stated that for realizing the increasing demand for fodder and feed, there is an urgent need for initiating research to improve quality and yield of sorghum for forage. The sustainability of sorghum yield is constrained due to frequent drought spells. There is immense scope for commercial ethanol production from sweet sorghum. Dr. SN Shukla, suggested that to arrest the declining demand for sorghum in the country; it is necessary to create a viable market for sorghum through technologies enhancing its alternative uses. In his address he applauded the sorghum researchers for delivering excellent hybrids, varieties and the technologies for the sorghum growing resource-poor farmers in the dryland regions of the country through the technology developed by the All-India program sponsored by the ICAR. N. Seetharama, Director, DSR, Hyderabad, M. Paramathma, Director of Research, and K. Thiyagarajan, Director, Centre for Plant Breeding and Genetics, of TNAU, also addressed the sorghum researchers. Three books and one short film on Bio ethanol from sweet sorghum were released on this occasion. The TNAU team led by Dr K

Ganesamurthy, Sorghum Breeder, TNAU and made all arrangements for the meeting. Dr. AV Umakanth served as the nodal officer from DSR. The copies of complete proceedings of this annual group meeting are being dispatched separately, and the e-copy will be placed at our website after the proceedings are approved by the Council.

MoU between DSR and M/s Bhagyanagar Foods, Hyderabad

As a part of entrepreneurship development and commercialization of sorghum products DSR has entered into a Memorandum of Understanding (MoU) with M/s Bhagyanagar foods, Hyderabad on February 25, 2010. The agreement was signed in the presence of Dr Swapan Kumar Datta, DDG (CS), ICAR. Dr N Seetharama, Director, DSR, Mr Praveen (Representative of Bhagyanagar foods) and Mr Srinivas (Chartered Accountant and Legal Advisor) and Dr. B Dayakar Rao were present during the occasion. The DDG (CS) congratulated DSR for the steps taken for successful implementation of commercialization of sorghum technologies. Dr B Dayakar Rao and his team organized this programme.

Institute Bio-safety Committee (IBSC) meeting

The Institute Biosafety Committee (IBSC) meeting was held on February 10, 2010 under the Chairmanship of Director, DSR to discuss the implementation of the biosafety issues at the institute. The other members of the committee were, Dr. V Dashawanth Reddy, Director, CPMB, Osmania University (DBT-Nominee), Dr SV Rao Principal Scientist, DSR (Member-secretary). Drs. KBRS Visarada, PG Padmaja, D Blakrishna, BV Bhat, R Madhusudhana, IK Das, G Shyam Prasad and Sujay Rakshit (DSR Scientists). The committee reviewed the bio-safety measures implemented in the ongoing biotechnology research projects under by the institute.

Women entrepreneurship development programme on sorghum processing

One-day training-cum-entrepreneurship development programme was conducted at DSR on February 10, 2010 for 11 women SHGs of Chevella Mandal, Mahbubnagar district on sorghum processing technologies. The purpose of the training was to expose them to sorghum processing products and entrepreneurship development. The technologies such as primary processing through dehulling, semi-processed products such as semolina, flakes, pasta and vermicelli and large-scale preparation of multigrain roti, were demonstrated to women at the lab. Dr Seetharama addressed the gathering. Dr. B Dayakar Rao, CPI, Millets value-chain project and his team members explained our approach to entrepreneurship development. The project staff demonstrated recipes and processing technologies. Directory containing information for purchase of machinery was also provided to participants. Dr. Padma, Scientist (Textile & Clothing), AICRP- Home Science organized this visit.

ED programme on sorghum processing for the KVK staff

Twenty Subject Matter Specialists (SMS) led by Dr. M Usha Rani, ANGRAU, Hyderabad visited the processing lab at DSR on February 16, 2010. This visit was a part of the Micro-nutritional Security under IEC programs in KVKs of Andhra Pradesh on promoting micro nutrient rich foods. The team had a brief discussion with the sorghum scientists on promotion of sorghum flour for preparation of various sorghum foods and exploring the possibility of large-scale commercial production. Dr. B Dayakar Rao briefed the activities of the research & development on sorghum semi-processed products. Sorghum products were demonstrated by Ms. Kiranmai and Ms. Shailaja of the NAIP project. Dr. M. Usha Rani, Unit Coordinator of AICRP Home Science organized the visit. The above two training programs were coordinated by Dr. B Dayakar Rao.

State Agri. Minister inaugurates sorghum stall

DSR set up a sorghum stall in the exhibition organized on the eve of National Symposium on 'Genomics and Crop Improvement: Relevance and Reservations' held at ANGRAU, Hyderabad during February 25-27 2010. The exhibition was inaugurated by Honorable Agriculture Minister, N. Raghuvveera Reddy, the Chief Guest of National Symposium. Dr. Raghava Reddy, Vice-Chancellor of ANGRAU, Dr. Lakshmi Kantha Reddy, Director of Research, ANGRAU also visited the stall. A large number of participants such as researchers, policy makers, scientists, private sector delegates, students and farmers visited the exhibition. The exhibition was organized by the team led by Dr B Dayakar Rao, CPI, DSR-NAIP-Millets Value Chain project.

"Best stall" award : The sorghum stall put up by DSR was declared as the best among the stalls put by different public and private institutes, including ICRISAT. Dr. KBRS Visarada received the memento on behalf of DSR during the concluding session. *Congratulations to the DSR team who had put up the stall and managed it throughout in spite of very hot and humid weather!*

Road shows to popularize sorghum foods

As a part of continual promotional activity of sorghum products under NAIP sub-project road-shows were organized at Spencers, Food Bazaar Super markets, and Malls. They were also held in public places like Indira Park and KBR Park. These nutritional awareness camps clarified many doubts of customers about nutrition. Majority of the customers sought regular supply of these products on-shelves of the malls. DSR has provided various jowar products to the customers along with mineral water bottles free of cost to collect feedback. These Road-shows were organized by Dr. B. Dayakar Rao, and the event managers M/s S8 Medeas who were outsourced specifically for the purpose. Mr. Raghu, Chief of M/s VSR foods and DSR's NAIP team members Kiranmai, Sriharsha, Rajeshwari, Shailaja, Pavan kumar and others actively participated in these road shows.

Visit of 89th batch of ARS Scientists to DSR

Newly recruited 64 ARS scientists of ICAR belonging to 88th batch of the FOCARS visited DSR on February 03, 2010. The Director briefed them about the profile of the Institute and other projects at DSR and other project activities including AICSIP. Two films, one on "Sorghum production technology" and the other on "Sweet sorghum for ethanol production" were also screened for them. The discussions centered on sweet sorghum utilization and entrepreneurship development, strategies to promote millet foods, and use of biotechnology for crop improvement. Later, the trainee scientists discussed various issues with thematic area leaders and other DSR scientists. They also visited the food processing activity unit at DSR, and saw operation of automatic roti making machine. The team was led by Mr. D Babu, Scientist, NAARM. The visit was facilitated by Dr. Chari Appaji and Pramod Kumar.

ICAR's Sports meet

The ICAR south zone sports meet was held from February 23 -27, 2010 at Cochin. Contingent from DSR numbering 15 players actively participated in many events. This meet was organized by Central Institute of Fisheries Technology (CIFT), Cochin.

Promotions

On the recommendations of the DPC, the following scientists have been promoted to their next higher grade. Dr. B Subbarayudu, Scientist (Senior Scale) (Agriculture Entomology) has been promoted as Senior Scientist. Shri. P Mukesh, Scientist (Computer Sciences) promoted as Scientist (Sr. Scale).

Doctorate awarded

Mr. V Ravi Kumar, Technical Assistant, was awarded Doctorate in Environmental Science and Technology in the month of February, 2010 by JNTUH, Hyderabad. His doctoral work is on "Characterization of Rabi sorghum environment and real time information system for forecasting rabi sorghum productivity on a regional scale". He was guided by Dr. S Ravi Kumar, Sr. Agronomist at DSR. *Congratulations to Dr. Ravi.*

Visitors

Research Associates

Two research associates Mr. Vineet and Mr. Ameet from Central Institute of Fisheries Technology, CIFT, Cochin visited DSR on February 4, 2010 to study about the IP protection, technologies for commercialization & IP documentation initiatives at DSR, Hyderabad. They had a discussion with the nodal officer of Institute's Technology Management Unit (ITMU) at DSR, Dr. Vilas A Tonapi. They were provided with the relevant literature on IPR and latest research developments at DSR.

Students

A group of 85 students of final year B. Sc. (Ag.) from Tamil Nadu Agricultural University, Coimbatore visited DSR on February 1, 2010 along with their teachers to get exposure about the sorghum

research and developments, as a part of their curriculum. They were exposed with sweet sorghum cultivation and the latest production technologies developed including the institute's extension activities through video show. This visit was coordinated by Dr. Rajendra R. Chapke and Sh. Pramod Kumar of Agricultural Extension Unit.

Lectures delivered

Dr. Vilas A Tonapi delivered five invited lectures on "Seed industry today and tomorrow, IPR vis- a- vis Indian agriculture, Maintenance breeding of crop plants, seed dormancy, seed longevity and deterioration" at Barwale Foundation, Jalna for the benefit of seed industry personnel on February 16, 2010.

Publication

Ratnavathi, C.V., Suresh, K., Vijay Kumar, B.S., Pallavi, M. and Seetharama, N. 2010. Study on genotypic variation for ethanol production from sweet sorghum juice. *Biomass and Bioenergy* (Accepted) (IF - 8.3).
